PATENT GLASS SUBMERGED

DOUBLE-ACTING FORCE PUMP,

SUBSTITUTE FOR A FIRE ENGINE.

THIS Pump will pump 30 gallons of water per minute, will never cut out the packing, has no friction, no water ever stands in its pipes to freeze, and is less liable to get out of order than any other pump now used. It can be set up in a short time by any ordinary mechanic.

The No. 3 pump for yard wells will be sold at from $20 to $30, capable of throwing 30 gallons of water per minute. The price of No. 2 for railroad stations, throwing 60 gallons per minute, will be given upon application.

Having the exclusive right to this pump for the states of North and South Carolina, and having established a factory for the manufacture of them at Wilson, N. C., I will receive orders for them at Wilson, and will ship them by Express C. O. D., or, if the money is sent me, by the regular freight. DEAR SIR.—We certify that the "Balding Pumps" put up by you in the town of Scotland Neck are a perfect success. They pump very rapidly, and by attaching hose, will throw water from 40 to 60 feet and would prove invaluable in case of fire.

HEROIC REMEDY!

HENRY'S

CARBOLIC

CONSTITUTION

RENOVATOR!

Based on Science, Prepared with Skill,

and all the available ingenuity and expertness, that the art of pharmacy of the present day can contribute, And

COMBINING IN CONCENTRATED FORM THE MOST

VALUABLE VEGETABLE JUICES

Known in the history of Medicines for

PURIFYING THE BLOOD,

Imparting

NUTRITION TO THE SYSTEM,

Tone to the Stomach,

And a Healthy action to the Liver, Kidneys, Secretive and Excretive Organs.

A DYING ZOUAVE

lay breathing in last on the battle field, his companions surged on and left him alone. They knew the cause of his approaching end it was the deadly bullet. No friendly voice could cheer him to life—no human skill could save him,

Thousands of Precious Lives

are to-day as rapidly sinking, and as surely tottering on to an untimely end, in Suffering, Agony, Wretchedness, and Ignor nce of the cause which

Science can arrest and assuage,
Nourish into new Life and Vigor,
And cause the Bloom of Health
To dance once more upon their withered Cheeks.

DISEASE, LIKE A THIEF,

Steals upon its victims unawares, and before they are aware of its attack, plants itself firmly in the system, and through neglect or inattention becomes

Seated, and defies all ordinary or temporary treatment to relinquish its merciless grasp.

DO YOU KNOW THE CAUSE OF

The wasted form—the hollow cheek?
The wild eyed face—the shallow complexion
The feeble voice—the sunken, glassy eye?
The emaciated form—the trembling frame?
The treacherous pimple—the scorching sore?
The repulsive eruption—the inflamed eye?
The pimpled face—the rough colorless skin?
and debilitating ailments of the present age?

The answer is simple, and covers the whole ground in all its phases, viz: the

FANGS OF DISEASE

AND

HEREDITARY TAINT

ARE FIRMLY FIXED IN THE

FOUNTAIN OF LIFE—THE BLOOD.

The

INDISCRIMINATE VACCINATION

during the late war, with diseased Lymph has

TAINTED THE BEST BLOOD

in the entire land. It has planted the germ of the most melancholy disease in the veins of men, women and children on all sides, and nothing short of

A HEROIC REMEDY

will Eradicate it root and branch, forever. Such a Remedy is

HENRY'S

CARBOLIC

CONSTITUTION

RENOVATOR.

ON REACHING THE STOMACH, it assimulates at once with the food and liquids therein, and from the moment it passes into the Blood, it attacks disease at its fountain head, in its germ and maturity, and dissipates it through the avenues of the organs with unerring certainty, and sends NEW AND PURE BLOOD BOUNDING THROUGH EVERY ARTERY AND VEIN.

The tubercules of Scrofula that sometimes flourish and stud the inner coating of the abdomen, like kernels of corn, are withered, dissolved and eradicated and the diseased parts nourished into life. The Torpid Liver and Inactive Kidneys are stimulated to a healthy secretion, and their natural functions restored to renewed health and activity.

Its action upon the blood, fluids of the body, and Glandular System, are

TONIC, PURIFYING AND DISINFECTANT,

its touch disease droops, dies, and the victim of its violence, as it were

LEAPS TO NEW LIFE.

It relieves the entire system of Pains and Aches, enlivens the spirits, and imparts a

THE SENTINEL

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, MAY 4, 1870.

BRIBERY AND CORRUPTION.

We have published from the report of the Bragg Committee, the evidence of Judge Watts, Tim Lee and Dr. Sloan. We did not intend to publish the evidence of General Littlefield, because, it did not amount to much, but a friend who witnessed his brazen and false swearing before the Committee of the Whole, insists that we publish his evidence.

It will be remembered that General Littlefield swore before the Committee of the Whole, that no writ had been served on him as defendant in the suit of Shaffer against him, James Smith and Dewease.

We have seen the writ, or summons as it is called under the new Code and practice, and it bears the evidence of having been served by Sheriff Lee. Sheriff Lee, or Gen. Littlefield swore a lie, and we believe Sheriff Lee swore the truth, if he is from Boston.

General Littlefield swore he had not paid the deb', or note given to James Smith. Mr. Shaffer's attorney in the case informed us that he had paid it. We mention these things that the reader may be prepared to receive General Littlefield's evidence with many grains of allowance. That he did not make startling developments and exposures, can be accounted for when the reader remembers with what reserve he swore before the Committee of the Whole.

The following is the evidence :

WESTERN N. C. RAILROAD.

WESTERN DIVISION.

RALEIGH March 4th, 1870.

THE EXAMINATION OF M. S. LITTLEFIELD, who says:

I am now the President of the Western Division of the Western North Carolina Railroad Company, and have been since the 13th of October, 1869. My immediate predecessor as President was Gen. W. Swepson.

The statement of the Treasurer of the State is shown to me, from which it appears that six millions, three hundred and sixty-seven thousand, (face value) of bonds of the State, were issued for the use of the said Company—that is to say $500 000, January 20th, 1869; $500,000, January 22nd, 1869; $500,000, January 27th, 1869; $500,000, January 30th, 1869; $1,000,000, (one million,) February 18th, 1869; and $1,000,000, (one million,) March 23rd, 1869. All of which bonds appear to have borne date, October 1st, 1868. And, also, the following, bearing date April 1st, 1868, to-wit: $3,100,000, (two millions, one hundred thousand,) delivered, June 2nd, 1869; $87,000, delivered July 1st, 1869; $180,000, delivered October 2nd, 1869; making the aggregate amount above stated.—The above bonds appear to have been delivered to Geo. W. Swepson, President, and Geo. W. Swepson, President, per G. Rosenthall.

Question 1. Have you ever received any of the said bonds?

Answer. I have not. About the 5th of Nov., 1869, Mr. Swepson gave Messrs Souther & Co. an order to transfer to my account, as President, all bonds held by them, to the credit of the Western Division of the Western North Carolina Railroad Company. The order was accepted and the transfer made, and I was notified by them that the bond account showed a credit to the Company of 1,490 bonds; of which 1,000 were hypothecated to the Guaranty and Indemnity Company of New York, for a loan of two hundred and fifty thousand dollars, made to George W. Swepson, President, &c. Some months previous, I cannot give the exact date, the loan was in two sums of $125,000 each, for and due at different times, the first loan was then due, and I was notified to pay it; not having the money, bonds belog at about 45, I solicited an extension of the time, which was obtained upon the condition, that both loans should be paid in 30 days. I called upon Mr. Swepson for the money to meet it, he did not refuse, but did not furnish the money, therefore I proceeded immediately to Florida, hoping to get some Railroad bonds, due to my Company, to meet the payment as promised. Failing in that, and bonds declining so rapidly, they notified me by telegraph to take up the loan or deposit more collaterals.

Having neither money nor collaterals unencumbered, the bonds were sold by the holders, as I understood, and I was telegraphed to Tallehassee, Florida, by Mr. Porter, of the House of Soutter & Co., that the bonds were sold, that the proceeds did not pay the loan. I do not know what was the deficiency. I think some few thousand dollars. I think the sale and notice to me was in the early part of January, 1870.

The residue of said bonds, 490 in number, were claimed to be held by Soutter & Co., for some advances made by them for "carrying," as the Banking phrase is, 100 special tax N. C. bonds, which they alleged they had purchased per order of Mr. Swepson, in September, 1869, as I think for some party, whose name I did not learn.

I am not aware what disposition, if any, has been made of the said 490 bonds. I have not been to New York since I left there for Florida, and no report has been made to me, by the House of Soutter & Co., though I have called for it and received an answer that it could not be furnished until Mr. Porter, who was absent, returned, as he had had the exclusive charge of the North Carolina business with the House of Soutter & Co. I have had two answers to that effect, one while in Florida, about the part of February, the other on the 23rd of February last.

I also received an order from Mr. Swepson upon the N. C. Mutual Home Insurance Company, Raleigh, N. C. for 20 bonds loaned by him to that Company. I applied for said bonds, they were to be delivered to-day, but have not yet been received by me. I am informed that said bonds had been deposited in accordance with their charter with the State Treasurer, they being required to keep on deposit there that amount of bonds of the State, and that they had procured other 20 special tax N. C. bonds, and tendered to the State Treasurer, to be placed in lieu of the former, but that the Treasurer declined to receive them, and return those on deposit in his office. But I am to have the bonds within 24 hours. I have the contract with the Company for the loan, by which they were to pay 6 per cent. per annum interest, on the face of the bonds; the interest has not been paid, that is, not all, but a part may have been. I am to receive the interest by promise, on Monday next.

Mr. Swepson also, at the time of giving the above orders, turned over to me receipts for bonds which had been deposited from time to time, with the National Trust Company of New York, for 409 bonds in all; they were hypothecated for divers loans of money, made from time to time by that Company, in the Summer of 1869. I knew they were so hypothecated, as the loans were negotiated by me, for him, Swepson. I am not able to state the amount, but think in all, the loans amounted to about $120,000.

The said bonds were sold by said Trust Company in the month of January, 1870, to pay the loans.

I have been notified by said Trust Company that the proceeds lacked some $10,000 of paying the amount due for the loans. But I have not received any account of sales, &c. from said Trust Company. I will add by way of explanation, that I was informed by the President of the Trust Company, that they held some bonds (being a part of the above 409) that were not a good delivery, on the Stock Board, they being bonds of the State of North Carolina issued to the Atlantic, Tenn. & Ohio Rail Road Company. I do not know how many, but have understood about thirty. All the bonds thus hypothecated by me, were pledged for and on behalf of Mr. Swepson, who was then President, I receiving the bonds from him for that purpose.

The above compose all the bonds with which I have had any personal connection.

Mr. Swepson, about the latter part of December last, informed me, that he had left with Henry Clews & Co., of New York, for "margin" 55 bonds, and he also informed me some ten days since, that he had been called upon by them to make good a loss of about $26 000, which I understood to be the loss after sale of such of the bonds as were a good delivery and saleable; some of the bonds deposited with Clews & Co., I also understood, were of those issued as I have said before, to the said Atlantic, Tenn. & Ohio Rail Road Company, but what part or how many of them, I was not informed and do not know. But my understanding was that they remained in the hands of Clews & Co.

Ques 2. Do you know in what manner, or to whom, the residue of the said bonds appearing in the Treasurer's statement, to have been delivered to George W. Swepson, and to G. Rosenthal, have been disposed of, or in what hands they are, and how held

Ans. George W. Swepson reports to me verbally that Soutter & Co., of New York, sold for him 3,132 bonds belonging to the Company from January, 1869, up to October 1st, 1869. He handed to me early in November, 1869, what purported to be an abstract of such sales from the books of Soutter & Co., which I subsequently showed to Mr. Porter of that house, who told me it was correct. It is proper for me to say in explanation of that statement, that examination of it will show that more bonds appear to have been sold, than 3 132—which I understand to be explainable in this way: It is generally the case that when a large amount of bonds are placed with a New York House to be sold, bonds often are, at the Stock Board, bid for and bought by the Agent of such house, for and on account of the party who has placed bonds with the house for sale, the object being to sustain the market and keep up the price of such bonds. In such cases, the costs of purchase of such bonds so bought is charged to the party employing the house to sell, and the bonds so purchased are re-sold on his account and the proceeds put to his credit. If a loss is sustained, he is to bear it—if a profit, he has the benefit of it. And such, I take it, was the case from an examination of this statement, and from which statement will appear in detail, the amount of sales, when made, and at what prices,—a copy of which is annexed hereto, as part of this examination and marked (A)

I have no knowledge nor any certain or reliable information as to the disposing of the residue of the said bonds or in whose hands they now are, or now held—excepting that, I have understood that there were about 192 bonds in the hands of L. P. Bayne & Co., as "margin."

Ques. 3. Was any settlement made between you and Geo. W. Swepson, or between him and the Company in any manner?

Ans. No settlement has been made. He handed me over the said statement from Soutter & Co., and the orders for bonds mentioned above, and also a statement in writing of credits claimed by him, handed to me in November last, in New York, but which has never been submitted to the Board of Directors of the Company. No meeting of the Board has been since held, by reason of my absence on business of the Company. Except, as already stated by me, he has rendered to me no account or statement, showing what he had received on behalf of the Company.

Ques. 4. What amount has been received by you, if any, as President of the Company, and of whom and when?

Ans. In the latter part of October last I received of Geo. W. Swepson $18,925 83—I also received as advances upon the collaterals, which I have already said were in the hands of Soutter & Co., the sum of $112,946.13, in the months of October, November and December last—these are all the funds I have received.

Ques. 5. How, and for what purposes were those funds disposed of, if they have been disposed of?

Ans. Except three items, in my account, all paid out in constructing the Road or to the Treasurer of the Company, on that account, as will appear by a copy of my account herewith filed, as a part of this, my examination marked (B.) The excepted items are, one paid George W. Swepson, late President, for one year's salary and money advanced by him in New York, of $3,000; one hundred dollars to J. D. Morgan, of New York, for commissions for negotiating loan, made by Mr. Swepson; and to H. B. Wilson, of New York, $1,100 for getting up and publishing a statement as to the financial resources of the State, to enhance the price of bonds. The dates of these disbursements will appear upon my said account.

Ques. 6 Do you know in what manner the funds received by George W. Swepson were disposed of, in whole or in part; if so, state how and by whom, and what agency, if any, you had in the matter.

Ans. I have already stated what knowledge and information I have as to the disposal of bonds received by him. By reference to the account of Soutter & Co., marked (A) it will be seen that, expenditures purport to have been made as therein stated by that house for the purpose therein stated. I have no personal knowledge as to them or of their correctness. Upon that account there appears to be a balance due to the Company, by Soutter & Co., of one million, five hundred and two thousand, one hundred and thirty five dollars and seventy cents, up to the 1st of October, 1869. But that account is only an account of sales with expenditures made by or through Soutter & Co. Besides the above, I have already said that Swepson received for loan on hypothecation of 1,000 bonds the sum of $250,000 of Soutter & Co., or through them. He also received from Henry Clews & Co., the sum of $40,000 for special interest tax, paid by the State Treasurer. He also received July 27th, 1869, on a deposit of bonds with the National Trust Company $11,500; also from the same Company the sum of $117,351.50. Mr. Swepson, when he handed me the other papers named by me above, also handed to me an account of expenditures alleged to have been made by him, a copy of which I hereto annexed, marked "C," as part of this examination, amounting in the aggregate to the sum of $251 734 80.—And as I have also stated, he handed to me cash $18 925 83. He also invested $726,281.89 in Bonds of the Pensacola and Georgia Railroad Company. I do not know the number of Bonds—the investment was made during the winter of 1868 and 1869. He always told me that this was an individual investment of his own. After I was elected President he told me that the $726,281.89 were funds belonging to the Company, and arising from the disposal of Bonds. The said Bonds were soon after returned to the Board of Internal Improvement of Florida for cancellation, with the arrangement and understanding that in lieu thereof the said Railroad Company is to return the said sum of $726,281.89, with 8 per cent interest thereon, and all other advances made, or, if the President of our Road prefers it, to have that amount of first mortgage bonds upon the said Pensacola and Georgia Railroad, to secure the amount. I have in my possession the contract with the parties who bought the Road, and expect that the matter will be closed and settled within the next sixty days.

I know, also, that Mr. Swepson has paid to contractors on the Road $19,449 99, having seen the vouchers therefor.

He also invested in the Wilmington, Charlotte & Rutherford Railroad Bonds one hundred and forty-six thousand nine hundred dollars, (I think 236 bonds) which were in the hands of Soutter & Co., for which he gave me an order on them when he turned over to me the 1490 bonds of which I have already spoken. I suppose, like the other bonds, they were subject to the claims of Soutter & Co. for advances. I have had no settlement with them, and don't know how far they may have been encumbered. Some of them are now being used to pay off the claims of contractors.

I will state also that the sum of $117,351.50, received as I have stated from the National Trust Company, was also expended in Florida to protect the investment in Florida Railroad Bonds, which will be a charge upon the Pensacola and Georgia Railroad, and to be settled in the same manner as the main investment.

I had no agency in making the investment of the $726,281.89 in Florida Bonds the sum of $117,351 50 was disbursed in part by me under the direction of Mr. Swepson, the rest by himself. I am not able to state the respective amounts. I have not the accounts before me, and it is sometime since the transactions.

Ques. 7. You have furnished a statement marked "A;" is that a complete account? and was the balance therein really due to the Company or to Geo. W. Swepson by Soutter & Co.?

Ans. I do not know of my own knowledge. When I called upon Soutter & Co., they informed me that the balance due my Company on Soutter & Co's Bank was $5,228 83. That there were $10,512 due the Company on the books of James T. Soutter, and those were all of the moneyed credits to Mr Swepson, late President of the Company.

Ques 8. Have those balances been settled? and how, and by whom, and when, if settled?

Ans. They constitute a part of the eighteen thousand dollars which I have stated were paid to me by Geo. W. Swepson.

Ques. 9. Who are the Directors of your Company? and who were Directors when you were elected President? and who is now and has been Treasurer of the Company?

Ans. Good, M. Roberts, of Asheville, is and has been Treasurer and Secretary of the Company both under Mr. Swepson and myself as Presidents. The Directors were Geo. W. Swepson, George W. Gahagan, G. W. Dickey, A. T. Davidson, J. R. Ammons, R. M. Henry, W. W. Rollins, J. H. Merrimon, Thos. L. Clingman, Jos. C. Abbott, A. H. Jones, and I think, G. M. Roberts was also a Director. The Directors in the present Board, and since I was made President are the same, except myself in the place of G. M. Roberts, and Joseph Keener in the place of J. H. Merrimon.

Ques. 10. Our attention has been directed to a suit in the Superior Court of Wake County, in the name of Robert U. Kehoe against D. A. Jenkins, State Treasurer, and the Atlantic, Tennessee & Ohio Railroad Company; inform us what connection, if any, you had with that matter, and how and upon what terms the suit was settled?

Ans. My only connection with the matter was this: A day or two before the suit was settled, R. Y. McAden came to me in Raleigh, and asked me if I could do anything towards compromising the suit. I replied that I knew nothing about the matter in any shape or form, but I would see certain parties and learn what I could of it. I saw T. P. Lee and asked him if he supposed the suit could be compromised. He said he would see the plaintiff's lawyers and let me know in a little while. After considerable negotiation, he reported that the lawyers said it could be settled for seventy-seven bonds—I mean the bonds to be issued to the Atlantic, Tennessee & Ohio Railroad Company. Mr. McAden, to whom I reported it, objected to the amount, saying there were other parties interested in the settlement, and that the whole amount would be more than Johnston's Board of Directors, as he thought, would approve of. I reported back to Mr. Lee, who, after seeing plaintiff's Attorneys again, as he said, stated to me that the suit could not be settled for a less amount. I again saw Mr. McAden, and he concluded to accept the terms. I went with him to the Treasurer's office; the bonds were taken to the Yarborough House, and Mr. McAden delivered to me one hundred and sixty-three of them, of which, I left seventy-seven with T. P. Lee,—he, McAden, intimated to me that Mr. Swepson would let we know what to do with the others. Within a few days after I went to New York—found Mr. Swepson there, told him I had a bundle for him—he directed me to leave it for him at the Bankin House of L. P. Bayne & Co. which I did. Mr. Swepson said to me when I told him I had the bundle, that he had heard from McAden that the suit had been settled. I don't know how the bonds were disposed of. I received none of them, and never received any thing, nor was I to receive any thing for my services in the matter.

Ques 11. Have you derived, or are you, or do you expect to, derive any profit, advantage, or benefit, directly or indirectly, for yourself or any one else, from the use, sale, hypothecation, or otherwise, of the bonds issued to the Western Division of the Western North Carolina Railroad Company, or any of those issued to any other Railroad Company of the State? If so, state what, when, and in what way.

Ans. I have not, except as a stockholder of the Western Division of the Western North Carolina Railroad Company, and in common with other stockholders, nor am I nor do I expect to, derive any for myself or any one else, from any such use of said bonds or any of them.

Ques. 12. Have any funds, arising from the sale or otherwise of said bonds, in any manner, been used by you or any one else, in or about you or their private transactions or business of any kind? If so, how much, how, and when?

Ans. No funds of the kind have been so used by me or any one else, to my knowledge.

Ques. 13. Have you used any State bonds issued since the 1st of May, 1865, or the proceeds of any such State bonds, or do you know, or have you any information? and if so, what of any such bonds or proceeds having been used by any one to procure, or assist in procuring the passage of any bill or bills, through the Legislature or Convention of this State? If so, state all the facts fully.

Ans. I have used none myself, nor do I know of my own knowledge of any being used by any other person or persons for such purposes. Nor have I been informed by any one that he had used such bonds or proceeds for such purpose.

Before my testimony is closed, upon reflection, I deem it proper, in justice to Mr. Swepson, to say that he has reported to me, that he had expended under a resolution by a Board of Directors of the Company, moneys to the amount of between two and three hundred thousand dollars, in the purchase of collaterals of various kinds, which have not been reported to the Board of Directors, but which a portion of the Stockholders in the Company, privately, have refused to recognize.

Under the said resolution which gave him general powers to sell the bonds issued to the Company and invest the proceeds thereof in such securities as he deemed best, he claims to have made such investments.

No accounts that he has rendered to me have been acted upon by me, or by the Directors or Stockholders in meeting.

WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these time-keepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mention d improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co.,	Waltham, Mass.
Amn. Watch Co.,	Waltham, Mass.
American Watch Co., Crescent St.,	Waltham, Mass.

We understand that the corner stone of the Memorial monument is to be laid, and that the Masonic Fraternity will conduct the ceremony with their imposing ritual.

The address, as heretofore stated, will be delivered by Gen. M. W. Ransom.

It is a beautiful and a pious custom,—that of crowning the graves of our cherished and martyred friends with the first floral tributes of the year. May it be observed for many, many years to come!

"C'est le mois de Marie;
C'est le mois le plus beau."

The charming anthem from which the above words are selected, is one of the many tender greetings with which the people of France, express their devotion to the Mother of our Redeemer, on the coming of the first day of May.

As the veneration of the Virgin Mary is one of the special characters of Catholic devotion, therefore, in Catholic countries this month is dedicated specially to her.

Before last Sunday we never had an opportunity of seeing the ceremonies usually practiced by Catholics at this season. On that morning the month of May came down upon the world with a gorgeous loveliness. The sun was soft though radiant. The trees were robed in richest foliage. The lads and maidens came out, attired in Summer's bright costumes, and "*C'est le mois le plus beau*" seemed never before so picturesquely realized.

We were present at St. John's Church (Catholic) that morning, and heard the devotions usual to the occasion explained. We saw the shrine of the Virgin decked with flowers and gleaming with many lights, and saw many pious Catholics testifying their love and respect for the "Blessed among women."

Catholic piety designates this as the "month of Mary," and throughout the Christian world, the sweetest blossoms of the field and the heartiest accents of devotion, will be presented this month by all pious Catholics at Mary's altar.

While in Wilmington General Lee was serenaded by two colored bands.

ORANGE COURT.

Judge Tourgee opened this Court on Monday last at 2 P. M. instead of 10 o'clock A. M., as he should have done.

His Honor then charged the Jury, and wondrous strange to relate, did not say a word about Ku Klux, and then adjourned the Court for the day.

Solicitor Bulla called a few defendants, among them Dennis Hanes, who was released by the Judge on his personal recognizance Court before last.

Dennis failed to appear at the last Court as well as at this. He has been twice convicted, and twice has the carpet bag Judge and Ex-President of the League, set the verdict aside. League brethren take a horrid oath to support each other.

John Ledbetter's case was for trial, but John broke jail six weeks ago. John, it will be remembered, is the Leaguer who was sentenced to 25 years in the Penitentiary by Judge Henry, and pardoned by the Governor, who gave as a reason for so doing, that "John was idiotic."

John is bold, shrewd and cunning, with far more native genius than some of our Judges.

Dennis Hanes is reported to have left Hillsboro' just before the Judge arrived.

With a League Governor and League Judges, how the League can prosper and steal!

A DECIDED IMPROVEMENT.—We understand that at a recent Radical meeting in one of our Townships, that all of the present Board of County Commissioners were recommended for re-nomination except our traveling Postmaster, C. J. Rogers, Esq. But Calvin, instead of feeling disgruntled, should take consolation by the reflection that it is proposed to replace him with no less a personage than Handy Lockhart, Esq., commonly known in this community as "Uncle Handy."

Uncle Handy is, we have always heard, a very respectable colored man, and unlike a vast majority of the party with which he acts, has not for the character of a rogue, nor that of a perjured liar.

If the old Board should be re-nominated and elected with Uncle Handy in the shoes of the ex-Railroad Agent, and present P. M., we, unhesitatingly, give it as our opinion, that the Board aforesaid, will have made a decided improvement, both as to brains and honesty.

CONVENTION WEEK.—Mr. A. J. Rutjes, proprietor of the National Hotel, Raleigh, N. C. respectfully informs his friends and the public in general, that he has made ample preparations for the accomodation of seven hundred guests during Convention week. Parties wishing to obtain rooms are requested to inform Mr. Rutjes, by telegraph or letter, a day or two in advance, so as to avoid all confusion. The dining room during that week will be conducted on the European plan, meals at all hours—The proprietor has also opened a first-class bar for the accomodation of his guests, where the choicest liquors and finest brands of imported and domestic cigars can be obtained. d5t.

CONSERVATIVE CONVENTION OF THE FIFTH CONGRESSIONAL DISTRICT.

An Old Fallacy Exploded.

Thirty or forty years ago, it was the fashion to administer powerful purgatives as "spring medicines." Terrific doses of salts and senna, calomel and jalap, or glauber salts were given to all the members of a family, whether sick or well, by way of preparing them for the warm weather in prospect. This pernicious custom is nearly obsolete, but there are some old Bourbons of private life, incapable alike of forgetting anything or learning anything, who obstinately cling to it still. Nothing could be more pernicious, more utterly unphilosophical, than such an onslaught on the vigor and elasticity of the system. In order to enable the physical structures to resist the enervating effects of spring damps and summer heats, it should be toned and reinforced, not relaxed and weakened. The best medicine agent for this purpose is Hostetter's Stomach Bitters. Its effect is to tone the stomach and liver, gently relieve the bowels from obstructions, brace the nerves, improve the quality of the blood, stimulate the appetite and cheer the spirits. In this improved condition the organization is capable of resisting unhealthy influences, which would prostrate an enfeebled system. A vigorous digestion is absolutely essential to health, and there is no danger of the stomach faltering or failing in its important office if this genial vegetable elixir is taken regularly as a stomachic. None of the tonic mixtures or extracts will supply the place of the Bitters, for the simple reason that they operate as astringents only. In fact, in ordinary practice, five or six prescriptions would be required to produce separately, the beneficial results, which are effected simultaneously, and harmoniously by this single specific.

SWEET QUININE

Is a Recent Improvement
Replaces the use of the BITTER SULPHATE QUININE, with which all are familiar.
Dose for dose, it is

WARRANTED

Fully equal in every way to Bitter Quinine,
AND, LIKE IT, IS THE ONE
Great, Positive, and Unfailing
CURE

For all Diseases of Malarious Origin,
Fever and Ague,
Intermittent Fever,
Chill Fever,
Remittent Fever,
Bilious Fever,
Dumb Ague,

and the long train of disorders following these when neglected.

SWEET QUININE

is made solely from Peruvian Bark (so is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

acts as an antidote to, as well as a cure for, malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

SWEET QUININE

over the use of old Bitter Quinine is the entire absence of that intense, prevalent bitterness, which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE

is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

Perry Davis' Pain Killer,

Has been tested in every variety of climate, and by almost every nation known to Americans. It is the almost constant companion and inestimable friend of the missionary and the traveler, on sea and land, and no one should travel on our Lakes or Rivers without it.

It is a speedy and safe remedy for burns, scalds, cuts, bruises, wounds and various other injuries, as well as for dysentery, diarrhœa, and bowel complaints generally, and is admirably suited for every race of men on the face of the globe.

Be sure you call for and get the genuine Pain Killer, as many worthless nostrums are attempted to be sold on the great reputation of this valuable medicine.

WILMINGTON NORTH CAROLINA
LIFE INSURANCE COMPANY.

—[o]—

BOARD OF DIRECTORS:

JOHN DAWSON, B. F. GRADY,
ALEXANDER JOHNSON, JR., DR. C. T. MURPHY,
CAPT. JOHN R. SPEARMAN, COL. I. A. POWELL,
CAP. I. B. GRAINGER, H. B. EILERS,
GEORGE W. WILLIAMS

—[o]—

OFFICERS OF THE COMPANY:

JOHN DAWSON.....PRESIDENT.
B. F. GRADY.....VICE PRESIDENT AND TREASURER.
ALEXANDER JOHNSON, JR.....SECRETARY.
DR. E. A. ANDERSON.....MEDICAL DIRECTOR.
WM. A. WRIGHT AND C. M. STEDMAN.....ATTORNEYS.
HON. ELIZUR WRIGHT.....CONSULTING ACTUARY.
REV. B. F. MARABLE.....GENERAL SUPERVISING AGENT.

THE PRINCIPAL OFFICE OF THE COMPANY IS LOCATED IN WILMINGTON, NORTH CAROLINA, No. 5, NORTH FRONT STREET.

THIS COMPANY WAS CHARTERED BY THE LEGISLATURE OF NORTH CAROLINA IN February 1869. The Charter is perpetual, and is very liberal in its provisions.

CAPITAL STOCK $300,000,
WITH PRIVILEGE TO INCREASE IT TO
$1,000,000.

The Board of Directors beg leave to say to the people of North Carolina, that this is emphatically A "HOME INSTITUTION." The stockholders are all North Carolinians; the members of the Board of Directors are all North Carolinians; the officers of the Company are ALL NORTH CAROLINIANS; and the Agents of the Company are all North Carolinians.

Most of the States of the Union, in which Insurance Companies are located, require a heavy deposit from Companies located in other States before being allowed to do Business in them; and the Board of Directors of this Company, believing that it was nothing more than "EVEN HANDED JUSTICE" that the Legislature of North Carolina should pass a law requiring such Companies located outside of this State to make a deposit with the Treasurer of the State before being allowed to do business in it, petitioned the Legislature at its late session for the passage of such a law, but that Honorable body turned a deaf ear to our humble petition and refused to do so. Now, we humbly submit that if it is just and right that Insurance Companies LOCATED IN NORTH CAROLINA should be required to make a deposit with the Treasurer of any of her sister States before being allowed to do business in them; then it is equally just and right that Insurance Companies located in such sister States should be required to make a deposit with the Treasurer of North Carolina before being allowed to do business in this State. The Legislatures of other States afford

PROTECTION TO THEIR INSURANCE COMPANIES,

and why in the name of common justice should not the Legislature of North Carolina do the same thing? Has the time not yet come when the "Rip Van Winkle of the South" should wake up? Are the people of the "Good Old North State" to remain forever behind their neighbors in the MARCH OF IMPROVEMENT? Why is it that we cannot establish institutions of our own and protect and support them, and thereby keep our money at home to benefit our own people, in the same manner that the citizens of other States do? Look at the hundreds of thousands of dollars which go out of the pockets of the people of North Carolina annually, to enrich the Insurance Companies and benefit the people of other States; and what is worse than all, it goes to benefit the people of States which refuse to allow NORTH CAROLINA INSURANCE COMPANIES to do business in them without making a heavy deposit. We have not a single word to say against the Insurance Companies of other States; but as the Legislature of other States afford protection to their Insurance Companies, when such companies in this State are refused protection by our Legislature, we humbly submit that it is the duty of the people of the State to patronize and SUSTAIN OUR OWN COMPANIES; for by doing this they are but simply doing justice to themselves.

The Board of Directors and Officers of this Company assure the people of North Carolina that the Company commences the work of Life Insurance upon a SOUND AND RELIABLE BASIS; and they hereby pledge their honor that the management of the affairs of the company shall be such as will give perfect security and safety to all who may patronize it.

Our Table rates were calculated by the Hon. Elizur Wright, the world-renowned Actuary, and may be relied upon as being correct.

This being a "HOME INSTITUTION" we have no long list of Directors and Stockholders, composed of distinguished gentlemen of other States to spread before you; but we have a respectable list of Stockholders, all of whom are North Carolinians, and a large portion of them will be recognized as being some of the BEST CITIZENS OF THE STATE. Nor have we a long array of names of eminent gentlemen abroad to refer to; but we respectfully refer to the good citizens generally of this community.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

It costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans, and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

UNPREGEDENTED SUCCESS

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates, as well as the uniform excellence of its work throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work.

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITSOWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at Mrs TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.
